PRESIDENT TO EAT TURKEY

Mrs. Wilson to Serve Him on Christmas—Grayson Gives Permission.

WASHINGTON, Dec. 22.—Children living along the road between Washington and the country club in Virginia, where President Wilson plays only golf, will receive Christmas presents from the White house this year as usual, despite the president's illness. The gifts have been purchased and will be delivered Christmas morning, probably by Mrs. Wilson. Another usual custom, that of giving turkeys to all employees in the White house executive offices, also will be observed. The president will be permitted to eat turkey Christmas day, Rear Admiral Grayson, his physician, said today. He will be served by Mrs. Wilson in his room.

Several members of the crew announced they would go ashore any way and proceeded to do so on a lighter under cover of darkness but were discovered by the ship's officer and sent back to the ship. Other members of the crew also went in lifeboats at night. These men were apprehended on return and placed in the brig.

"There was considerable difficulty in getting ships stores and cargo. Several men are in the brig for this offense.

There is a total of 13 men in the brig at present. All members of the crew who were absent without leave and committed other infractions of the rules, except stealing, have been logged the maximum amount of pay allowed by law.

These men, guilty of stealing ships' lifecrafts and from ships' stores are in the brig and all necessary steps are being taken to bring them to trial before proper authorities of all inimicability members of the crew in different departments has been turned in by a master and these men will be placed on the blacklist in the employment office. Full report in detail will follow. Port Inspector making detailed investigation.

IS SILENT ON HAPGOOD

lodge Refuses to Discuss Reports that Committee Has Information of Red Activities.

WASHINGTON, Dec. 22.—Senator Lodge, chairman of the foreign relations committee, declined to discuss a published report that Norman Hapgood, minister to Denmark, decided to return to the United States after the State Department learned that the committee was prepared to make public information which was expected to show activities and sympathies for the Russian Soviet government.

The only comment from Senator Lodge was that Hapgood's nomination had died with the last session of Congress and that no recent appointment had been made. The committee secured "in confidence" several months ago that Hapgood had terminated opposition to confirmation of Mr. Hapgood that Secretary Lansing was informed the appointment would not be approved. Members of the committee, it is said, were prepared, if necessary, to present this information to the Senate and possibly to the public.

ORGATONE'S GOOD NAME HAS BEEN ITS MOST VALUABLE ASSET

New Treatment Has Become a Household Word in This Community and Has Proven Its Value in Hundreds of Cases

In a personal interview at Roy R. Gilman's Rexall Store yesterday A. C. Craig, the Orgatone man, when questioned in regard to the enormous sales on Orgatone in this city said:

"A good reputation is the best thing in life and a good reputation is worth as much to a medicine or treatment as to an individual." The truth of this is clearly brought out by the fact that Tulsa business men, professional men, artisans and women in all walks of life right here in Tulsa, whose common, practical judgment guides them in all actions and conclusions, are daily testifying to the merits of this famous stomach treatment.

Orgatone has become a household word. Its success is unquestioned and its fame is based very much on its accomplishments in hundreds of thousands of homes. Orgatone is nature's own remedy. It is a pure vegetable compound made from roots, herbs, bark and seeds. The ingredients for this wonderful preparation are gathered in the remotest parts of the world.

"Orgatone acts like magic against stomach trouble, gas fermentation, biliousness, bloating and heavy digestions after meals. It alleviates pulsations in the blood, corrects disordered conditions of the liver and kidneys and restores them to normal conditions.

Orgatone works wonders where men and women suffer from insomnia and nervous troubles, and is an invigorating appetizer, system cleaner and tonic builder of the body. It balances the entire system of wastes and vitalizes the blood and brings back color to the cheeks.

Thousands of people in Tulsa and vicinity are daily receiving great benefit from this amazing combination of nature's own remedies.

FIX EARLY DATE FOR WET APPEAL

Government to Make Answer in Supreme Court January 5.

WASHINGTON, Dec. 22.—The supreme court today ordered the government to show cause on January 5 why original proceedings should not be instituted by the states of Rhode Island and New Jersey retail liquor dealers to have determined the constitutionality of the national prohibition constitutional amendment.

Appropriations for permission to enter the amendment into the Constitution were introduced this week, and were voted down, but the amendment was referred to the Senate.

In ordering the government to show cause, the court, according to government attorneys, followed an unusual course as ordinarily, in such instances, permission to bring such proceedings is given and a date fixed when they are vulnerable to court action.

The amendment was alleged to conflict with the state police powers and with the federal constitution.

New York Christmas Bonuses and Salary Represent 25 Millions

NEW LIGHT PERFECTED
Closest Approximation to Daylight by Artificial Means Reported in London by New Invention

NEW YORK, Dec. 22.—Total disbursements by banking and stock brokers firms in the financial district for so-called bonuses during the last year, including Christmas gifts were estimated to day at \$25,000,000. While no accurate record is obtainable either for this or other years, persons familiar with conditions in the financial district declared that never before had there been such a generous distribution of gifts and bonuses. It is estimated that 100 banks and trust companies will distribute from \$2 to \$6 per employee. Some bonuses are given annually, others are given only once a year, and others in a few cases employees of these institutions will have received 100 per cent bonuses over their salary of the preceding year.

The light thrown down from the screen is said to show colors almost as well as in full daylight. Under the new light delicate pictures quite distinct, though blue were once easily lost in the reddish shade which they display in electric light.

The apparatus consists of a high-power electric light bulb, fitted with

a colored opaque reflector, the colored most side of which reflects the light against a parrot-shaped screen placed above the light. The screen is lined with small patches of different colors arranged according to a formula worked out empirically by Mr. Sheeranham, the inventor and carefully tested and perfected in the Imperial College of Science and Technology.

Color photography also will probably benefit.

COAST GUARDSMAN IS SLAIN

County Commissioner at Brownsville Held on Charge of Murder

BROWNSVILLE, Texas, Dec. 22.—Charges of murder and assault in the shooting death of John Lightbourn, member of the United States coast guard at Brazos Island, and the slightly wounding of Dr. J. A. Hockaday, Edwards waived extradition and was released on \$10,000 bond on the first and \$500 on the second charge.

Officers investigating the case said

they were unable to obtain any information from a number of Mexican citizens who witnessed the trouble.

Lightbourn's body shows at least four bullet wounds. Dr. Hockaday suffered a slight flesh wound.

The American chamber of commerce and county commissioners at Point

Edwards said he shot in self defense.
